Newly published book by **José E. Grijalva** – *Vivencias Reflejadas ... Una Colección de Poemas en Español* is a newly published book of easy-to-understand Spanish-language poetry that captures stories about everyday life.

Three CDs – Blessed with beautiful tenor vocal chords, José E. Grijalva captivates and mesmerizes his audiences with his command of the Spanish language and his strong yet gentle voice as he recites his poetry into spoken word with soothing background sounds of guitar and violin.

Mr. Grijalva is a poet, an ironworker, a mariachi, a composer, an engineer and, perhaps most important, an immigrant (now a U.S. citizen) with firsthand understanding and appreciation for the struggles of achieving the American dream.
